Transferring into an Associate in Arts or Associate in Science Program

Students with curricular deficiencies may not transfer from an Associate in Applied Science degree program into an Associate in Arts, Associate in Science, or a Baccalaureate degree program until all of the high school deficiencies have been removed.

Performance Proficiency In English, Mathematics, Science, and Reading

ACT subscores of 19 in the four subject areas of English, mathematics, science, and reading are used as a "first-cut" in determining student readiness for college. If students score below 19 in the tested discipline area, they will be required to remediate in that area, or, consistent with the institution's approved assessment policy, undergo additional testing to determine their level of readiness for college-level work. Following examination, students found under-prepared for college-level work will be required to successfully complete the appropriate remediation. Students who lack 2 performance deficiencies must enroll in EDUC 1103 College & Life Strategies. All Performance Deficiencies must be met within the first 24 credit hours attempted.

Computer Proficiency

Students majoring in transfer degree programs will be required to demonstrate computer proficiency before graduation. Demonstration of proficiency will include the following skills:

- Defining and properly using common computer terminology.
- Installing, saving, and organizing information stored on a computer.
- Using a Windows® environment.
- Operating software for word processing, spreadsheets, and database management.
- Using the internet.
- Demonstrating how to use computers to perform a task or solve a problem by defining appropriate applications of hardware and software.
- Successful completion of any 3 credit hour online course.

Graduates may demonstrate these competencies using one of several alternatives. Please see the 2023-2024 Rose State College Catalog, page 43, for a list of alternatives.

ENROLLMENT

Rose State College will make every attempt to implement this class schedule and related activities as printed. However, various circumstances could necessitate changes in scheduling, and/or professors, or dates, which will be at the discretion of the College administration. Students should check for schedule changes in OASIS.

Tuition & Fees

The student's schedule bill is the student's bill for tuition and fees. Students can print their Student Schedule Bill for any term they are enrolled in by signing into PeopleSoft (Self Service > Student Center under the Finances section click on Schedule Bill). Leave the term blank and click Search (a listing of all semesters should appear for the student).

Payment of Tuition & Fees by Mail

To avoid the lines during the last few days to pay, students are encouraged to PAY BY MAIL at the earliest possible date. All payments by mail must be received by the Cashier's Office by the deadline date to avoid any penalties. All checks and money orders should include the student's name and student number for proper credit.

Payment of Tuition & Fees in Person

Students are also encouraged to come in as early as possible when paying in person. Students paying in person may pay by cash, check, money order, and MasterCard, Visa or Discover credit cards. EXCEPT: Checks are not accepted for payment of prior debts or from a person who has written a bad check to the College. Accounts not paid will be sent to collection 30 days from the last day of the semester.

Fee Refund/Credit Policies

Students are not officially withdrawn unless a withdrawal form is processed through the business office.

Students who enroll in classes and decide not to attend must withdraw from those classes immediately to release space for other students who are registering. The amount of refund due or credit applied to the student is determined by the following policies. These policies are applicable to tuition and other fees charged for College classes.

1. Eligibility: To be eligible for a refund or credit, a student must officially withdraw from classes during a refund period by submitting the appropriate form ("Drop/Add" or "Complete Withdrawal"). Neither refunds nor credits are given to students who stop attending class and do not process the appropriate forms.
2. Regents for Higher Education Refund Policy: The refund policy with respect to tuition and other fees collected from students at institutions shall be as follows:
 - Changes in schedules during the defined add/drop period will result in full charges for courses added and full credit for courses dropped. No refunds will be made after the add/drop period for that session except as stipulated for enrollment of Title IV recipients. Deadlines for dropping and adding courses appear in this semester schedule in the "Calendar" section. Drops and adds are processed on the same form.

Debts to College

Refunds issued to students are reduced by any amount the student owed to the College for the current term. When a refund is issued, students should review their account to determine if any past obligations are still owed to the College. Students who have unpaid accounts, either for current semester charges or any other debts to Rose State College, are not permitted to enroll in subsequent semesters; and no student transcripts will be released until all charges are paid in full.

Federal Title IV Return of Funds Policy

Federal law now specifies how a school must determine the amount of federal financial aid* that a student earns if he/she withdraws, drops out, is dismissed, or takes a leave of absence prior to completing more than 60% of a payment period. Students who do not receive a passing grade in any class must be treated as unofficially withdrawn and will be subject to the above policy. Federal law specifies that such a student must be assumed to have stopped attendance at the mid-point of the semester.

1. The amount of federal financial aid assistance that the student earns is determined on a pro-rata basis. Once the student has completed more than 60% of the payment period, all financial aid assistance is considered to be earned.
 - Percent earned = Number of calendar days completed up to the withdrawal date** divided by total calendar days in the payment period — excluding any scheduled breaks that are at least five days long.
 - Percent unearned = 100% minus percent earned
2. When a student receives federal financial aid in excess of earned aid,
 - The school returns the lesser of:
 - Institutional charges (tuition and fees)*** multiplied by the unearned percentage, or
 - Title IV federal financial aid disbursed multiplied by the unearned percentage.
 - The student returns:
 - Any remaining unearned aid from the funds that he/she received as financial aid disbursements.
 - Any loan funds are repaid in accordance with the terms of the promissory note (that is, scheduled payments to the holder of the loan over a period of time).
 - Any grant amount the student has to return is a grant overpayment, and arrangements must be made with the school or Department of Education to return the funds.
3. The student is billed for funds the College is required to repay. Federal law requires that the calculation assume that federal aid was used first to pay for education costs. Consequently, a student may owe a payment to the College for educational costs—even if the student received a tuition waiver or other scholarship or assistance. The student's account with the Business Office will reflect any amount owed to the College. Student accounts not paid promptly will be charged a late fee.

Rose State College Spring Schedule 2024

4. Students who do not receive a passing grade in any class for a given semester must be treated as unofficially withdrawn and will be subject to the above policy.

*Funds must be returned in the following order:

- Unsubsidized Direct Stafford loans (other than PLUS loans).
- Subsidized Direct Stafford loans.
- Direct PLUS loans (parent or graduate).
- Federal Pell Grants for which a return of Title IV funds is required.
- Iraq and Afghanistan Service Grant, for which a return of Title IV is required.
- FSEOG for which a return of Title IV funds is required.
- TEACH Grants for which a return of Title IV funds is required.

**Withdrawal date is defined as the actual date the student begins the institution's withdrawal process, the student's last date of academically related activity, or the midpoint of the payment period for a student who leaves without notifying the institution.

***Book charges may not be included in institutional costs; however, a student remains financially responsible for any charges made by him/her in the College Bookstore.

Financial Assistance

FINANCIAL AID, Student Services Building, Room 200 — (405) 733-7424

HOURS: Monday/Tuesday/Wednesday/Thursday 8 a.m. - 6 p.m.; Friday 8 a.m. - 5 p.m.

Federal School Code/Application Procedures

The Free Application for Federal Student Aid is the student's first step in the process of requesting aid. The application is available online (www.FAFSA.ed.gov). The application asks students to identify their school(s) which they wish to receive copies of their results. Summer 2024 applicants need to complete the 2023-2024 FAFSA.

The Rose State College school code is **009185**. Be sure to identify Rose State College as a choice; otherwise, we will not receive your financial aid information from the U.S. Department of Education. If the Rose State College school code has not been reported, your application will have to be corrected to add Rose State College as a school on your Student Aid Report. This will delay processing of your application. Once you have applied, the federal processor will send you a copy of the Student Aid Report. A copy of that report will also be transmitted electronically to RSC, if you have listed RSC as a school choice.

Verification Procedures

Some students are selected by the U.S. Department of Education or the College for a process called verification. If a student is selected for verification, RSC is required to verify the information you have reported on the FAFSA. Such items as federal income tax records and verification of the number of family members would normally be required.

Not all students are selected for verification. If a student, however, is selected for this process, this step must be completed before assistance is awarded. If any of the information requires correction, the student will be informed.

The Award Process

Once your records have been received from the U.S. Department of Education, your application will be reviewed by financial aid staff for completeness. Normally, your application will then be processed for an award. When you receive your award letter, it will summarize the amounts and types of assistance for which you are eligible. An Award Information Sheet is available online for more information. Usually, the application and awarding process takes from 6-8 weeks. This time is necessary for both the federal processor and the College to review your application and certify your funds.

Ability to Benefit (ATB)

Beginning July 1, 2012, all financial aid recipients must have one of the following in order to be eligible for Federal Title IV student financial aid:

- High school diploma
- GED (General Education Development) certificate

Students who do not have a high school diploma or GED and prior to 7-1-12 were enrolled in an academic program that was eligible for Federal Title IV assistance may still qualify for federal aid. Contact the Financial Aid Office for more information.

Rose State College Spring Schedule 2024

Concurrent classes

Rose State College provides opportunities for high school students who would like to start their college courses while they are still in high school. High school juniors and seniors who meet policy requirements can participate in concurrent enrollment. Concurrent students may not enroll in remedial (0-level) coursework offered by Rose State College designed to remove high school deficiencies.

Students enrolling in concurrent college classes may be awarded dual credit through their high school. Please contact your high school counselor or appropriate official for detailed information.

Concurrent students have several options for taking courses. Students may attend classes offered on the Rose State College campus, online, and courses offered off the Rose State College campus or via Interactive Television (ITV).

The following documents are required for application to the Concurrent Enrollment Program for high school students.

1. Application for Concurrent Enrollment
2. Application for Admission
3. Official High School Transcript
4. ACT Scores
5. Documentation of Student Vaccination Status
6. Concurrent Enrollment Student Contract

Please contact the Office of Academic Outreach for admission, class schedules, and enrollment assistance at (405) 733-7951 or (405) 736-0350. Additional information can be found at: rose.edu/concurrent

Rose State College Foundation Scholarships

The Rose State College Foundation awards scholarships to students attending or planning to attend Rose State College. These scholarships are awarded on the basis of academic achievement and/or financial need. Each scholarship has its own criteria. To receive consideration for a Rose State College Foundation scholarship, applicants must complete an on-line application. Go to www.rose.edu/scholarships and click on the "Apply Here" link. High school and transfer students need to provide the Office of Admissions and Records with a current transcript in order for your application information to be verified. **Incomplete applications will not be considered.** For additional information, please contact the Foundation Office at (405) 736-0315.

The Foundation Scholarship Application is available January 1-December 31 each year. Each scholarship has specific criteria that must be met for consideration for an award. The individual criteria are listed on the website.

The four main priority deadlines throughout the year are:

- March 1 — Leadership Scholarships
- April 1 — Division Scholarships
- July 15 — Health Science Scholarships
- November 1 — Spring Scholarships

Who can apply?

Any student planning to attend or currently attending Rose State College can apply. Most scholarships require at least a 2.5 GPA to qualify.

How do I apply?

The application process is easy and accessible online. To apply, go to rose.edu/scholarships and click on the "Apply Here" link on the left sidebar. Once the application is completed, submit the application. To confirm submission, the student will receive a confirmation email for their records.

Do I fill out an application for every scholarship?

No, to apply for all Rose State College scholarships and tuition waivers, students will only submit ONE application, the General Scholarship Application, for the academic year.

How soon will I find out if I received a scholarship?

There is not a specified date for notification of acceptance. As soon as each committee makes their decisions, students will be notified via the email provided on the application. Typically this occurs within six to eight weeks of the scholarship closing date.

How are scholarships chosen?

A computerized matching process ensures that each applicant is reviewed for scholarships for which they qualify. A student may qualify to be considered for numerous scholarships. Various committees made up of Rose State College faculty and staff members review each application and select recipients. A student can only receive one Foundation scholarship per semester, but if more than one is awarded, the student will receive the award with the highest dollar amount.

Off-Campus & Partnership Programs

UNIVERSITY OF OKLAHOMA—AIR FORCE RESERVE OFFICER TRAINING CORPS (AFROTC)

AFROTC is a nationwide program that allows students to pursue commissions (become officers) in the United States Air Force (USAF) while simultaneously attending college. AFROTC classes are held on college campuses throughout the United States and Puerto Rico; students can register through normal course registration processes. AFROTC consists of four years of Aerospace Studies classes (Foundations of the USAF, Evolution of USAF and Space Power, Air Force Leadership Studies, and National Security Affairs/Preparation for Active Duty), and a corresponding Leadership Laboratory for each year (where students apply leadership skills, demonstrate command and effective communication, develop physical fitness, and practice military customs and courtesies). College students enrolled in the AFROTC program (known as “cadets”) who successfully complete both AFROTC training and college degree requirements will graduate and simultaneously commission as Second Lieutenants in the Active Duty Air Force.

The AFROTC program is currently offered at the University of Oklahoma, but they have a crosstown agreement that allows our students to enroll in AFROTC and become full-fledged cadet participants. For more information on AFROTC course descriptions, please review http://www.ou.edu/enrollment/course_catalog.html and browse for the AERO classes. For more information on the AFROTC program, please review <http://www.ou.edu/rotc/air-force.html>.
