

**ARTICULATION AGREEMENT  
BETWEEN SOUTHWESTERN OKLAHOMA STATE UNIVERSITY  
AND ROSE STATE COLLEGE**

**Associate of Applied Science in Dental Hygiene (RSC)  
and  
Bachelor of Applied Science in Health Science (SWOSU)**

**OVERVIEW:**

This formal program articulation agreement is made and entered into by Southwestern Oklahoma State University, hereinafter referred to as SWOSU, and Rose State College hereinafter referred to as RSC. By this agreement, SWOSU and RSC express a shared commitment to increasing opportunities for student access to and success in higher education. By clarifying transfer policies and procedures, which assure articulation between programs, the institutions seek to assist students in making a seamless transfer from the associate to the baccalaureate degree.

**PURPOSE:**

This agreement provides students who have earned an Associate of Applied Science in Dental Hygiene at RSC the opportunity to complete a Bachelor of Applied Science in Health Science at SWOSU. Any RSC student who has earned an Associate of Applied Science in Dental Hygiene and adheres to the guidelines within this agreement is guaranteed that SWOSU will accept the AAS courses toward the fulfillment of general education and program course requirements in the Bachelor of Applied Science in Health Science (HLSCI.BAS).

**CONDITIONS OF TRANSFER:**

***Section I: Admissions and Matriculation***

RSC students maintaining continuous enrollment under this agreement will be afforded the same treatment and protection as SWOSU students enrolled under the Bachelor of Applied Science in Health Science.

Criteria for acceptance into SWOSU will be the same for transfer as for native students.

RSC, upon request of students, will provide verification of completed courses to SWOSU through its Office of Admissions and Records. The transcript of students transferring from RSC will be evaluated by the Registrar's office at SWOSU.

Transfer students from RSC will have access to financial aid, scholarships, and student services on the same basis as native students.

A minimum grade of "D" in all general education courses must be maintained to qualify for transfer under this articulation agreement

SWOSU will apply the same academic progress and graduation standards to RSC transfer students as those applicable to native students at SWOSU.

*Section II: Transfer of Credit*

All courses taken at RSC for the AAS in Dental Hygiene will be accepted for transfer to SWOSU and applied to the Bachelor of Applied Science in Health Science degree requirements. Should RSC students have more GE classes to transfer, those will be considered. However, **RSC students will be required to have completed at least 60 credit hours at SWOSU with a minimum of 40 hours at the 3000 to 4000 level upon graduation.**

Transfer students from RSC will have junior standing at SWOSU when beginning the BAS in Health Science.
